What the file produced

0 spaces match the listed screening criteria: none at this budget

1 needs confirmation before it can be ranked: page 2

13 excluded, each with its reason: page 2

16 source rows became 14 distinct offers: 1 exact repeat counted once, 1 offer with conflicting rows kept for review.

Schematic of submarkets. Numbered pins match the ranking on page 2; pin positions are illustrative, so no distance or drive time should be read from them.

Shortlisted spaces, ranked by estimated monthly cost

No space matches the listed criteria at $10,500 a month.

The lowest estimated cost among spaces that pass every other check is $10,668 a month (Example Building C, Suite 200).

Costs are base rent plus the expenses stated in the listing, per month, then annualized at the initial rate. Not included: utilities, improvements, escalations, anything the listing does not state.

To confirm before ranking (1)

Example Building D, Suite 110. Asking rent is "On request", so the monthly cost cannot be checked against the budget.

Excluded (13)

Example Building A, Suite 101. $14,112 a month, $3,612 over budget.

Example Building G, Suite 120. In Henderson, outside Southwest.

Example Building C, Suite 200. $10,668 a month, $168 over budget.
