Industrial space survey

Southwest Las Vegas

Prepared November 3, 2026 for an example tenant. Listings, buildings, brokers and figures are fictional.

The requirement

Use	Warehouse and light assembly
Size	8,000 to 12,000 SF in one space
Submarket	Southwest, required
Loading	At least 1 dock-high and 1 grade-level door
Available	By March 1, 2027
Budget	**$17,500 a month**, estimated base rent + stated expenses
Lease	Direct or sublease
Term	Not specified

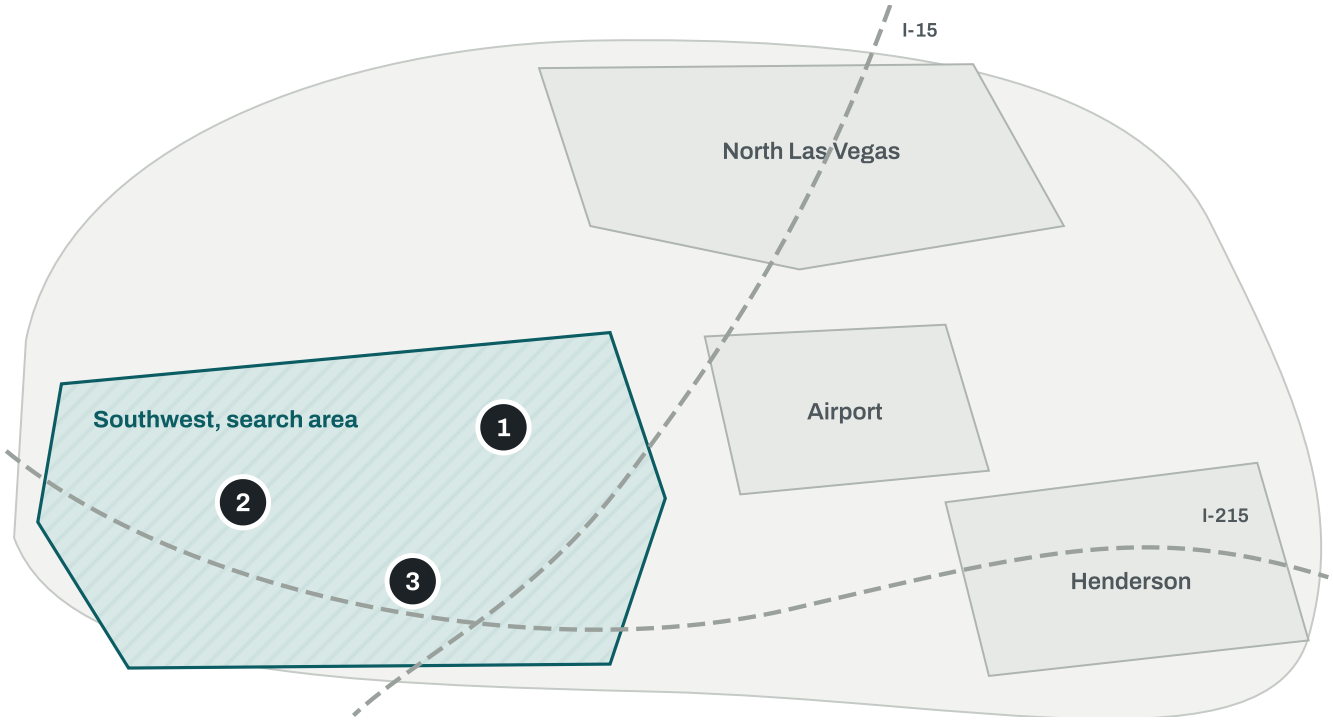

What the file produced

3 spaces match the listed screening criteria: pages 3 to 5

3 need confirmation before they can be ranked: page 2

8 excluded, each with its reason: page 2

16 source rows became 14 distinct offers: 1 exact repeat counted once, 1 offer with conflicting rows kept for review.

Schematic of submarkets. Numbered pins match the ranking on page 2; pin positions are illustrative, so no distance or drive time should be read from them.

Shortlisted spaces, ranked by estimated monthly cost

Costs are base rent plus the expenses stated in the listing, per month, then annualized at the initial rate. Not included: utilities, improvements, escalations, anything the listing does not state.

Zoning, as listed	IP (Clark County)

Review notes

- Rent listed as $13.44/SF/yr NNN; shown as $1.12/SF/mo because the listing states the period.
- The same suite is also offered as "storage only" at a lower rent (row 13). That offer does not fit the stated use and is excluded.
- Availability as stated in a source dated Oct 30, 2026; not confirmed with the listing broker.
- Zoning as listed: IP (Clark County). Whether the tenant's use is permitted has not been checked.
